

How to find us

Rail
Our nearest overland station is Liverpool Street, a ten minute taxi journey from our studio.

Underground
Old Street, Angel and Highbury & Islington underground stations are all no more than a 10 minute walk.

Car
We have parking on-site but it is very limited so please let us know in advance if you want a space.

Air
As yet we do not have our own helipad, to be honest it may be some time coming. So for now City Airport is probably your best bet. City, Gatwick and Heathrow all have good rail links into the City.

10 New North House
